<b>Salary:</b>	£15.00 (Probation) - £18.00
<b>Hours:</b>	0 Hours
<b>Overtime:</b>	If available.

### **General job description:**

As a EMT you would be employed to help Revive Medical Solutions Ltd in attending a range of different events, and film/TV productions.

The role will entail working with other clinical staff, or where deemed appropriate alone, in providing basic first aid, intermediate life support, and clinical support to patients and clients of all ages.

### **Duties and responsibilities:**

- Provide first aid to clients and the public.
- Provide intermediate life support to clients and the public.
- Provide clinical assistance during intermediate life support.
- Provide assistance to Paramedics+ during advanced procedures.
- Understand how to undertake observations.
- Provide extrication and immobilisation to patients and clients who require it.
- Provide intermediate clinical care to clients and the public.
- Respond to evolving emergencies to clients and the public.

- Liaise with other clinical staff.
- Work within your scope of practise.
- Stay current with clinical guidelines relating to your scope.
- Respond under emergency conditions if appropriate.
- Provide emergency drugs to patients under your scope.

### **Benefits:**

- CPD opportunities.
- Clinical experience.
- Competitive pay.
- Career progression opportunities.
- Experience a variety of pre-hospital environments and clinical situations.
- Increase patient contact, communication, and clinical skills.

### **What we ask from you:**

- Attend shifts you have booked.
- Be punctual.
- Have a good ability of communication skills.
- Stay up to date with your clinical scope and current guidelines.
- Have a good and professional attitude.
- Candor.
- A good understanding of your duty of care.
- You should have a valid, in date EMT/AAP/FREUC 5 certificate alongside any updates you have done to keep your certificate valid.
- A valid CERAD/IHCD/Qualsafe Level 3 driving qualification.
- You should have an enhanced DBS on the update service or willing to get one through Revive Medical Solutions Ltd.
- It is *advisable* to have an airway log\*.
- It is *advisable* to have a CPD portfolio.

\*Staff from LAS MUST demonstrate CPD in manual rhythm recognition during ILS to undertake this skill within Revive Medical Solutions Ltd.

\*Staff from LAS MUST demonstrate an airway log in order to carry out supraglottic airway use within Revive Medical Solutions Ltd.
